Today's games—Wheeling at Youngstown, Washington at New Castle, Saginaw at Toledo, Jackson at Fort Wayne.

Special Dispatch to the Intelligencer.

**YOUNGSTOWN, June 23.**—To-day's game was marked for the robbery of the umpire, Walter Harrison, who until a short time ago was manager of the Augustus, Mo. team. The robbery was well distributed between the two teams and in trying to squeeze himself from the catcher's hands, Harrison was caught by the umpire, who was in the coach's box at third, drew the ball to the plate by running down the line. Zinran discovered the trick and shot the sphere the second, seemingly catching it. The umpire declared him safe and Glenvalin got in. A kick was made and the latter was declared out for Rickert's trick, but plainly in violation of all rules. The game was not protested then but there was talk of it being done later on.

Jordan let down to a marked degree in the sixth and five runs were made by Wheeling. Rank decisions occurred through the game and had a bit of Darrah's over first being allowed, Wheeling would have won. Score:

Earned runs, Boston, 0; Brooklyn, 1. Pitchers, Rivetta and Aubrey. Umpire, Henderson. Time, 2 hours. Attendance, 1,800.	

At St. Paul-St. Paul, 4; Milwaukee, 4.

At Minneapolis—Minneapolis, 9; Kansas City, 2. Seven innings.

At Princeton Whips Yale.

**NEW HAVEN, June 23.**—Yale was defeated this afternoon by Princeton

in one of the most exciting ball games ever played on the Yale field. It took eleven innings to decide the contest and the score was 4 to 3. As this was the third extra inning game of the series, there was more interest added.

**Pennsylvania Shut Out.**

**CAMBRIDGE, Mass., June 23.**—Harvard, 2; University of Pennsylvania, 0.

**Base Ball Notes.**

New Castle has that tired feeling, too. Why doesn't Wheeling win? Someone says they Darrahn't.

Davis is hitting for keeps now. His average was .295 yesterday.

If Gallagher keeps up his batting pace he will soon top Shaw and Wagner.

Says the Toledo Blade: The Wheeling pitchers are either in very bad condition or they have been yanked too hard, or—

Wheeling's reception when the boys return home will probably not be accompanied by a brass band or drum corps.—Toledo Blade.

In the last nine games Wheeling has made forty-eight errors, while opposing teams made twenty-one. The "robbed by the umpire" racket don't go.

The Wheeling "fans" are swearing they won't go near the Island when the Natters return. A brace-up all around and two or three victories will change their tune.

Glenvalin was secured as foreshadowed in yesterday's Intelligencer and played his first game with Wheeling yesterday. The team was shaken up considerably. McLaughlin going to right, Violet to left and Hiskert to the bench.

A crank explains it this way: The boys tried hard to reach Fort Wayne, but Tebeau's gang were a little too speedy. Not content with playing second fiddle and having heard that "the last shall be first," the Wheelings came to the conclusion that the tail-end should be theirs before the Fourth Last week the boys were going that way in great shape. This week and the next will tell the tale.

Wheeling came here with a reputation for kicking, and Captain Jack Darrah was touted as a "dirty" ball player of the Tebeau class. There was but little kicking by Darrah and his men in the four games played here and they behaved as well as any visiting club that has faced a Toledo audience this year. New Castle was the scrappiest of any of the eastern clubs and still were not very offensive. New Castle also put up the best game here of any of the eastern teams.—Toledo Bee.

**Captain Frye Resigns.**

Tony Frye, the popular foot-ball captain of the Washington & Jefferson team, has resigned, in order to start with his law studies at the University of Michigan. Captain Frye was a good all-around athlete and was having will be missed in the athletic line.

W. D. Inglis, a well known athlete in Western Pennsylvania, was elected captain of the Washington & Jefferson team. Although three of last year's team graduate this week, good men are expected in the fall, and Washington & Jefferson will be a hard team to beat.

## A DISTINGUISHED PARTY

Of Illinois Central Railway Officials Visited Wheeling Yesterday.

Yesterday a distinguished party of officials of the Illinois Central railway were in Wheeling. They were shown about the city by Passenger Agent Thomas J. Burke, of the Baltimore & Ohio road. In the party were: A. H. Hanson, general passenger agent, Illinois Central, Chicago; J. M. Chesbrough, general passenger agent, Baltimore & Ohio and South Western railroad, Cincinnati; S. G. Hatch, general passenger agent, Chesapeake & Ohio and South Western railroad, Louisville; J. F. Merritt, assistant general passenger agent, Illinois Central railroad; E. P. Skene, land commissioner, Illinois Central railroad, Chicago; Joseph Biggs, traveling passenger agent, Illinois Central railroad, Cincinnati, Ohio.

The gentlemen are making a business trip through the east, having arrived yesterday afternoon from Zanesville. The main object of their visit is in the interest of the new through car service recently inaugurated by the Illinois Central railroad in connection with the Baltimore & Ohio Southwestern railway and the Chesapeake & Ohio Southwestern railway, between Cincinnati and New Orleans via Memphis.

Having established a new double palace sleeping car and free reclining chair cars, between these points, the combination expects to secure a goodly share of the travel to the south.

Mr. Skene, land commissioner of the Illinois Central railway, is particularly interested and desirous of inducing immigration to that section of the south reached by the Illinois Central and Yazoo & Mississippi Valley lines in Mississippi, Louisiana and Tennessee. These lands are not only adapted to fruit raising, but also for general farming purposes.

## THE CIGARETTE LAW

Declared Unconstitutional by Judge Campbell Yesterday.

Yesterday Judge Campbell, of the circuit court, handed down a decision in the case of the state vs. Charles R. Goetze, and the state vs. James B. McKee. This is the last case of the famous anti-cigarette law, passed at the last session of the legislature. The defendants were fined in the criminal court for selling without a state license and through the American Tobacco Company carried the case to the circuit court. In his decision, an interesting and elaborate one, Judge Campbell declares the judgments of the criminal court null and void, and

declares the law unconstitutional.

As she goes down the river this trip the Keystone State will be enveloped with pungent odor of tar, as she has on board 5,000 bundles of cotton ties billed to Mississippi. The "shiftness" of southern planters is responsible for this, for when the tie reach their destination they are thrown on the ground and left there exposed to the elements until the crop is gathered.—Pittsburgh Times.

The dams, six in number, provided for by the river and harbor bill, recently passed by Congress, between Pittsburgh and industry, are all now definitely and finally located. They are as follows: Dam No. 1 is Davis' Island dam; No. 2 is at Merriman, near Dixmont; No. 3 is at Sewickley, just below Neville Island; No. 4 is at Legionville; No. 5 is at Lacoek, opposite Rochester tumbler works; No. 6, in course of construction, at Raccoon.

**River Telegrams.**

**MORGANTOWN.**—River 8 feet 1 inch and rising. Light showers all day and warm.

**OIL CITY.**—River 1 foot 8 inches and falling. Clear and pleasant.

**GREENSBORO.**—River 7 feet 6 inches and rising. Rainfall .10 inches. Raining.

**WARREN.**—River 1 foot 4 inches and falling. Clear and warm.

**STUBENVILLE.**—River 4 feet 8 inches and falling. Clear and warm.

**DOWN-ROTH.**

**PARKERSBURG.**—River 8 feet 5 inches and rising. Raining and cool.

Down-Valley Belle and Keystone State, Liberty. Down and up—Ben Hur, Little Kanawha rising.

**Feed the Nerves**

Upon pure, rich blood and you need not fear nervous prostration. Nerves are weak when they are improperly and insufficiently nourished. Pure blood is their proper food, and pure blood comes by taking Hood's Sarsaparilla, which is thus the greatest and best nerve tonic. It also builds up the whole system.

**HOOD'S PILLS** are the favorite family cathartic, easy to take, easy to operate.

declares the law a burden on inter-state commerce. Mr. J. S. G. Smith was the attorney for the defendants.

## ABOUT PEOPLE

**Strangers in the City and Wheeling Folks Abroad.**

F. H. Trase, of Oil City, was in town yesterday.

Dr. Kerr, of Urbana, Ohio, is stopping at the Howell.

T. L. McClelland, of Washington, Pa., is at the Howell.

John T. Bacon, of New York, is staying at the McLure.

Harry L. M. Doty, of Steubenville, was in town yesterday.

Col. B. N. Wilson, of Clarksburg, was at the Windsor yesterday.

W. B. Rodgers, of the Standard Oil Company, is at the Howell.

E. D. Hubley, of Pittsburgh, a traveling man, is a guest at the McLure.

William L. Carpenter, of New York, was registered at the McLure yesterday.

C. S. Tague, of Mannington, a prominent oil operator, is registered at the Howell.

J. P. McInerney, of Philadelphia, a well known shoe man, is staying at the Windsor.

Dr. and Mrs. J. C. Hupp, leave to-day for Washington, to attend the Washington conference.

Miss Lulu M. Porter, of Washington, Pa., is spending her vacation with Mrs. John Lewis, in Wellsburg.

Miss Frances Wheat, of North Main street, leaves to-day, to pay a two weeks' visit to friends in Pittsburgh.

Among prominent railroad men in town are Messrs. J. B. Lippincott, and G. G. Herling, staying at the Windsor.

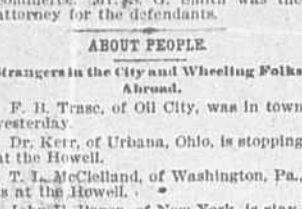

Mr. Robert Willcock, of Cleveland, who has been ill at the home of his brother-in-law, Mr. John Kohm, on the South Side, is able to be out again, much to the delight of his many friends.

Among the West Virginians registered at the various hotels yesterday were: McLure—C. W. Dalley, Elkins; F. C. Reynolds, Keyser; L. C. Lowe, Shinnel; W. W. McGraw, Huntington; W. L. Neill, Sistersville; Windsor—C. M. Hatch, Parkersburg; Z. E. Vincent, Huntington; J. F. Lazero, Mannington; George Clifton, Huntington; T. G. Campbell, Sistersville; John Shepherd, Logan; Stamm—H. C. Horner, Parkersburg; George H. Mayer and son, Parsons; W. H. Bradley, New Cumberland; J. H. Rodeharn, Terra Alta; J. F. W. Goodman, Piedmont; Howell—J. F. Lazero, Mannington; J. J. Burns and wife, Sistersville; Charles Russell, Sistersville; Robert McCormick, Sistersville; Thomas F. Seller, Middlebourne; L. W. Blayney, Roney's Point; W. Rex, Mannington.

**Sons of Veterans Entertain.**

The Sons of Veterans gave a delightful entertainment and reception at the Odd Fellows' hall last evening, which was attended by a large crowd who enjoyed the programme hugely. The exercises consisted of songs, recitations, and comic dialogues. After the entertainment, refreshments were served to the audience by the committee and an hour or more was spent in a social manner. The members of the organization left nothing undone that would serve to make the affair most enjoyable.

## RIVER

**Along the Landing.**

The Pittsburgh packet for to-morrow is the H. K. Bedford.

The Keystone State left yesterday morning with a very fine trip, for Cincinnati, on time.

Rivermen complain that the sand diggers working above Wheeling near Huntington bar, are making big lumps in the river.

The river marks last night showed 5 feet 3 inches and falling. Temperature warm and cloudy. Trade along the wharf fair.

The S. L. Wood passed up the river yesterday morning, with a tow of empties for Pittsburgh. She had to stop at the Top Mill on account of scarcity of water.

Chief Engineer Becker, of the Newport bridge, notifies boatmen that on and after June 27, the north half of the channel pass will be obstructed for the purpose of re-constructing the span.

A width of 200 feet at the south side of the channel will be kept open for the passage of boats.

Among the seventy-five passengers on the Keystone State yesterday was a party of twenty-five hailing from Iron-ton, taking the trip under the auspices of the Daily Iron-tonian. The majority of the party were young women, teachers in the Iron-ton schools, among them being Misses Maude Myers and Alice Osborne, who were winners in a voting contest.

As she goes down the river this trip the Keystone State will be enveloped with pungent odor of tar, as she has on board 5,000 bundles of cotton ties billed to Mississippi. The "shiftness" of southern planters is responsible for this, for when the tie reach their destination they are thrown on the ground and left there exposed to the elements until the crop is gathered.—Pittsburgh Times.

The dams, six in number, provided for by the river and harbor bill, recently passed by Congress, between Pittsburgh and industry, are all now definitely and finally located. They are as follows: Dam No. 1 is Davis' Island dam; No. 2 is at Merriman, near Dixmont; No. 3 is at Sewickley, just below Neville Island; No. 4 is at Legionville; No. 5 is at Lacoek, opposite Rochester tumbler works; No. 6, in course of construction, at Raccoon.

**River Telegrams.**

**STUBENVILLE.**—River 4 feet 8 inches and falling. Clear and warm.

**DOWN-ROTH.**

**PARKERSBURG.**—River 8 feet 5 inches and rising. Raining and cool.

Down-Valley Belle and Keystone State, Liberty. Down and up—Ben Hur, Little Kanawha rising.

**Feed the Nerves**

Upon pure, rich blood and you need not fear nervous prostration. Nerves are weak when they are improperly and insufficiently nourished. Pure blood is their proper food, and pure blood comes by taking Hood's Sarsaparilla, which is thus the greatest and best nerve tonic. It also builds up the whole system.

**HOOD'S PILLS** are the favorite family cathartic, easy to take, easy to operate.

Sometimes when the last spark of life seems almost extinguished it is fanned into flame again by prompt, vigorous action. It is a mistake, however, to put off action too long; and another mistake is to despair too easily. Both these mistakes are made in dealing with disease, particularly with consumption. It is neglected at first until someone names it. Then the name strikes terror to the mind; the nature of the disease is misunderstood: it is a bad disease, settled in the lungs. If settled somewhere else the doctors would give it a different name:—scrofula, kidney disease or "liver complaint." But the name only tells where it settles. It is really all one disease:—Bad blood; and there is only one cure:—Bad blood.

An abundance of good, rich, red blood put into the circulation, cures every one of these complaints, consumption as well as the rest—if it hasn't gone too far. It is on this true physiological principle—fully proven by experience—that Dr. Pierce's Golden Medical Discovery cures Consumption and all other blood diseases. It tones up the blood and healthy, red blood; it carries new nourishment and life to the wasted lung tissue; or any other tissue that is affected. It drives out the poisonous disease germs which clog the skin, liver or kidneys. It is simply a question of purifying and building up; where there is anything left to build on. The "Golden Medical Discovery" will infallibly red blood and cure. It cures cases which doctors declare "incurable." That word has lost its meaning since Doctor Pierce's wonderful "Discovery."

The plain and hopeful truth about disease is shown in the light of the best science of the century in Dr. Pierce's Common Sense Medical Discovery, a full volume of 200 pages, illustrated. It also contains letters from many who have been rescued from consumption. This great book is free, if you send 21 one-cent stamps, to cover cost of mailing, to Woods' Dispensary Medical Association, Buffalo, N. Y.
